SAD ACCIDENT TAKES LIFE OF CHAS. WALTER KELLY TAKES POISON BY MISTAKE

Chas Walter Kelly, foster son of Mr. and Mrs. M. H. Kelly of this place, died very suddenly Saturday evening, April 28th at the home of his sister, Mrs. Thos. Dulaney, of Akron, Ohio.

The young man, who was employed as assistant bookkeeper for the Enterprise Manufacturing company, Akron, Ohio had been suffering from a cold and had started home early from the office on that account. On his way he stopped at a druggist's and purchased some medicine to relieve him; capsules, etc. The druggist gave him poison by mistake. On arriving at his sister's home he took some of these and lay down, saying he would be better soon.

When his brother-in-law, Mr. Dulaney went in to see how he felt, he found him unable to speak. He quickly called a physician, who said he had been poisoned, and must be taken to the hospital at once.

The ambulance was called, but the lad passed away before the hospital was reached. This was about 10:30 Saturday evening.

The body was brought home Tuesday, funeral services were held Wednesday at two o'clock p. m. in the M. E. Church. Rev. Arthur Gregson officiating. Interment was in Lake Hill cemetery.

Chas Walters Kelly was the son of Mr. and Mrs. Frank Walters. He was born September 27th, 1903 at Cleveland, Ohio.

He made his home with an uncle and M. H. Kelly of this place from the age of two years until last August when he went to Akron to work. He graduated with the class of 1920 of the Smethport high school, and was a member of the M. E. church and Sunday school. He was a lad of unusual mental qualities and ambitious in the extreme. The cutting short of his young life seems very sad. His grief stricken family have the sympathy of the entire community.

Besides his foster parents, Mr. and Mrs. M. H. Kelly, of this place he is survived by two sisters, Mrs. Thos. Dulaney of Akron, Ohio and Genevieve Kelly of this place, also a grandmother, Mrs. J. E. Kelly of Corsica, Pa.

DEATH OF ISAAC ALLEN.

Isaac Allen was born January 21, 1847 at Cameron Mills, N. Y.

The most of his life was spent in that part of the country except for a few years when he lived at Nor-wich.

About fifty years ago he was married to Nellie Barrett. Seven children were born, of whom six are now living: Mrs. Lucy Stinson, Hammondsport, N. Y., Mrs. Louise Northrup Heisson, Wash., Mrs. Watson Johnson, Cameron Mills, N. Y., Leason Allen, Hornell, N. Y., and Clyde Allen of Galeton, Pa., and Lizzie Haven of this place. Three brothers, two sisters and seventeen grandchildren survive.

He had been in failing health for the past few years and for the last four months had been confined to his bed. He suffered a stroke of apoplexy a week ago Saturday after which he lived a week.

The body was taken to Cameron Mills for burial by Mr. and Mrs. Clyde Haven.

Mr. Allen was a man of high integrity, he in his long life was held in high esteem by many.

M. P. HARRIS OF OLEAN INJURED.

Olean, April 30.—M. P. Harris, of 304 West State street was injured in the back and right side last night in an automobile collision near Eldred, Pa. He was driving from Eldred to Olean, said Mr. Harris, and there was a collision when he tried to pass the automobile of J. T. Dolton of Port Allegany. The Harris car went into a ditch and was overturned.

FOREST FIRES DID DAMAGE TO MUCH VALUABLE TIMBER

Harrisburg, April 26.—One hundred and fourteen forest fires are sweeping various parts of the state destroying much timber land and in many instances threatened towns and outlying settlements near the mountains.

Forestry officials believe the damage was the heaviest on record. In many sections every available man was enlisted in fire fighting.

SMALL FIRE NEAR GLASS FACTORY.

A small fire near the Interstate Window Glass factory caused considerable excitement Sunday morning between twelve and one o'clock, when a quantity of straw used for packing glass became ignited and made quite a large blaze before it was extinguished.

The Saturday preceding, workmen had had a bonfire near the factory, and it is thought that this was not completely dead on Sunday, and a spark from it had blown into the straw, which together with some old boxes were soon in flames.

The Smethport fire department responded very quickly to the call for help and soon had the fire out, before it had reached to the nearby factory.

Much concern was felt by the town people when the alarm was given as the window glass factory is the most thriving industry in the town, and a shut down would throw many men out of work.

SAWYER ROAD WILL SOON BE CLOSED; WILL HANDICAP THE MOTOR BUS.

Beginning, Monday, May 7 the Sawyer road will be closed for repairs and the Bradford and Smethport motor Bus will detour from Row City to Bradford, via Minard Run and Derrick. Service will be curtailed to some extent, the No. 6 car which cannot be operated over the Minard Run dirt road will be withdrawn. The morning run will remain the same also the 12:05, and 2:30 p. m leaving Bradford.

The 5:00 p. m. leaving Bradford will be withdrawn, also the 11:00 p. m. leaving Bradford excepting Saturday nights there will be a bus leaving Bradford at 11:00 p. m.

Cars will leave Smethport as follows: 9:15 a. m., 1:30 p. m. and 5:06 p. m.

The bus will resume carrying express Monday May 7.

This schedule will be in effect only as long as the road is closed.

Upon completion of rebuilding Sawyer road the old schedule will go back in effect. The management will endeavor to give the public the best service possible under conditions which they must operate during the rebuilding of the road. Fares remain the same as at present.

GIDEONS FIELD DAY.

The Gideons, a band of Christian traveling salesmen will hold a field day in the local churches Sunday morning and evening, and on the same day they will place Bibles in each room of the hotels here. This is a part of their campaign to place Bibles in every hotel in McKean county. The program at the churches will be as follows: Presbyterian church at 10:45 William M. Farnham of Buffalo will speak. U. B. church 10:45 a. m. S. T. Mason of East Aurora will speak. Methodist church 7:30 p. m. William M. Farnham. Baptist church, 7:30 p. m. S. F. Mason. Both speakers are successful business men and interesting speaker.—Port Allegany Argus.

WOMEN'S CLUBS WAGE WAR ON SUGAR PRICES.

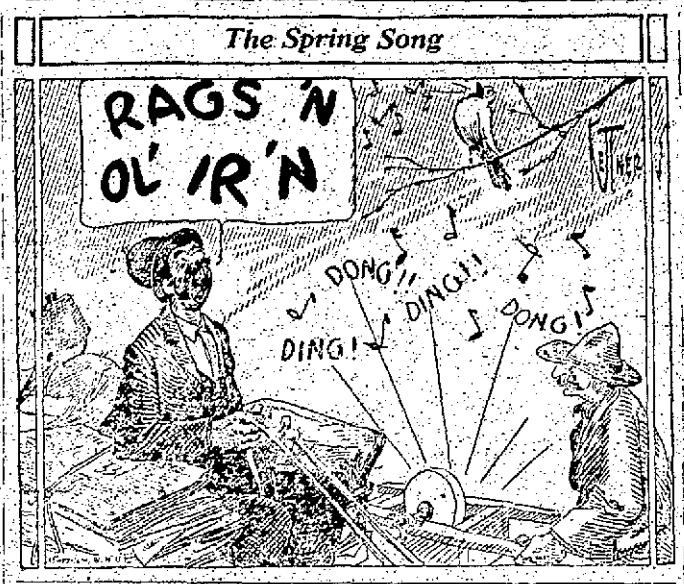
New York, April 28.—"Break the price of sugar," is the slogan of six hundred thousand New York women who have banded together in a drive reminiscent of wartime against alleged manipulators and gamblers in futures. Arrangements were made today for a huge mass meeting of housewives May 4.

Meantime the women, members of 250 clubs and 380 societies, will investigate the causes underlying present high prices. A daily check-up of all stores in the city, particularly the independents, will be made. Whether an absolute boycott will be declared is problematical.

Action of the women followed the issuance of a proclamation by Mayor John F. Hylan who declared the sugar profiteers have robbed us long enough" and called on the people to reduce the buying of sugar to a minimum.

Sugar today was soling at most retail stores at 10 to 10½ cents a pound with a few instances of 11 cents. Some merchants were predicting 15 cent sugar before the end of next week.

Don't forget the concert by Lewis Emery, baritone, at the parish house Thursday evening, May 3rd. Tickets 75c. For benefit of St. Christophers Guild.



REHEARSAL FOR BIG "SING" WILL BE HELD FRIDAY EVE.

The committee in charge is busy with plans for the big song festival to be held May 14th at the court house. There will be a rehearsal Friday evening at the Travelers club house at eight o'clock. Let all those interested in making the affairs a success come and take part in the singing.

REV. C. L. GLEASON ACQUITTED OF CHARGE.

In passing the car of James Bray Friday evening which was standing in front of the Globe Store, Rev. C. L. Gleason of Mt. Jewett, hit the other car, bending the rear fender and knocking off the hub caps.

He did not stop to investigate the damage done, but kept right on. State policeman Novice had witnessed the scene and hailing another car followed Rev. Gleason, and soon brought him back to E. C. Potter's office.

Rev. Gleason stated that he did not know he had hit the other car but he settled for the damage done.

Saturday E. C. Potter swore out a warrant for Gleason's arrest, on the charge of driving a car when intoxicated, and a hearing was held Monday.

Mr. Bray and State troopers Novice and Crosby testified to the odor of liquor on Gleason's breath, but evidence was not given that he was intoxicated.

Rev. Gleason claimed that he was a new driver and that he had only a glass or so of liquor.

Justice Colegrove discharged the defendant on insufficient evidence. E. C. Potter was the prosecuting attorney, C. W. Spatuck the defendant.

LARGE TROUT.

A large native brook trout weighing two pounds when dressed, and measuring 18 inches long was displayed in the window of C. W. Masser's hardware the first of the week. This fine trout was caught by Paul Searfoss of Clermont last Saturday.

BRADFORD MEN GO OVER BANK IN SALAMANCA

Salamanca, N. Y., May 1.—Running true to movie thriller form, a touring car containing three Bradford men went over the 60-foot Wildwood avenue embankment of the Allegany river shortly after midnight Saturday. The car remained upright and not greatly damaged in the water at the edge of the stream. The occupants got out unhurt.

According to the report of the police department, made early Sunday morning, the car was the property of C. B. Ijams of Bradford, who was driving east of Wildwood avenue. Near the tannery he met another car, with glaring headlights, which he said, blinded him an instant. At the same moment one of his wheels caught in a rut in the pavement he lost control and the car went over the curb through the fence and down the river bank. He was not driving at a speed of more than 15 miles an hour, Mr. Ijams claims.

A small tree in the car's path was broken off and may have helped keep the car in an upright position. It stopped with its front submerged in water up to the headlights. The rear wheels were on shore.

"ALWAYS IN TROUBLE" MAKES BIG HIT.

"Always in trouble" as given by the Boys Club of the High School at the Lyceum Friday evening was a decided success, full of funny situations, and lively dialogues, it amused the audience from start to finish. The program was in last weeks issue. The makeup of the young actors was especially good some of the boys looked so much like attractive young ladies that their friends didn't recognize them.

A big crowd turned out to see the play and about $200 was realized, part of which goes to the Boys Club, and part to the Athletic Association.

Professor Stanley Bright directed the play and much credit is due him and all those who took part.

The High School band furnished the music in a very satisfactory manner.

NEAR EAST CONTRIBUTIONS TO DATE AMOUNT TO 1,271.25

The contributions to date in the drive for the Near East Relief amount to $1271.25 and are still being received. It is hoped that they may reach $1500 before the account is closed on May 7th. If you have been missed by the solicitor, please leave your contribution with E. E. Drake, the local treasurer of the Near East Relief, at the Grange Bank.

The general committee desires to express its appreciation to Co. C. Choate for the use of the Star Theatre, to be McKean County Miner and the McKean county Democrat for publicity, to the solicitors who made such a successful canvass and to all who have contributed so generously to help make up Smethport's gift to the poor and needy of the Near East.

MOTHERS MEETING AND RECEPTION AT M. E. CHURCH.

The Women's Christian Temperance Union will hold a Mother's Meeting and Reception to new members at the M. E. church, Tuesday evening, May 8, at 8 o'clock. The program is in charge of Mrs. A. L. Gallup, supt. of Mother's Work and we are assured a pleasant and profitable evening. All new members active and honorary are requested to be present and a cordial invitation is extended to everybody, mothers especially.

AGED LADY DEAD.

Mrs. Sarah Gales, aged 90 years died at the home of her granddaughter, Mrs. Floyd Reese, at Corryville, Monday morning, April 23 of pneumonia. The funeral was held Thursday afternoon. Burial at Smethport. — Eldred Eagle.

GIRL 13 YEARS OLD GIVES LIFE TO SAVE HER BABY BROTHER.

Uniontown, Pa., April 28— Miss Hazel Perry, aged 13, today sacrificed her life to save that of her three year old brother, Herbert.

The Perry automobile, occupied by Mr. and Mrs. H. L. Perry and their five children stalled on a crossing of the Pennsylvania railroad at Oliver, near here, as a speeding passenger train approached. All leaped from the car except Herbert, too young to realize the impending danger. Glancing back Hazel saw her brother still in the car. She ran to the machine, grabbed her brother and threw him to safety just as the train struck the automobile killing her instantly.

MAY MEETING OF D. A. R. TO BE HELD MONDAY MAY 7.

The May meeting of McKean Chapter, Daughters of the American Revolution, will be held at the home of Mrs. R. C. Gleason on Monday, May the seventh, at 2:30 o'clock. The Regent, Mrs. R. Kesler, Jr., will give a report of the continental Congress which was held at Washington, D. C., recently and the annual election of officers will occur.

SMALL BOY BREAKS ARM.

Geo. McDermott, the six year old son of Mr and Mrs. Thos McDermott of this place, fell Friday while playing on the school grounds during intermission in such a way that he broke his right arm at the elbow, and also tore the ligiments at both wrist and elbow. How the plucky youngster endured the pain until school was out, is a mystery, but he did, and upon his arrival home told his mother he had hurt his arm. When she examined it, she took him at once to the doctor, who pronounced it a very bad break indeed. George has been unlucky lately, having broken his ankle, driven a huge sliver in his hand, and had this accident, all within a year.

SMETHPORT HIGH SCHOOL DEFEATED HAZELHURST.

Smethport High School defeated Hazelhurst Saturday April 28, 64½ to 16.

Nolan starred for Hazelhurst winning the pole vault at 9 ft. 3 inches.

Paul Mundy of Smethport High School, high jump, 5 feet 4 inches, breaking the county high jump record of 5 feet 3½ inches.

Next Saturday afternoon Smethport Highs meet Coudersport Highs in a dual meet at the local fair ground, Coudersport, defeated the locals at Coudersport last year by a rather decisive score and the home boys hope to turn the tables this year. Gunsenerger is the Coudersport star having won five first places against Smethport high school last year and it will be well worth the price of admission to see him perform.

Results:—

100 yard dash:—Kohn S., 1st; Anderson S. 2nd; Bouton S. 3rd; Time: 1b 3-5 sec.

Half mile run:—Eldings S., 1st; Colegrove S., 2nd; Hover S., 3rd; Time 2 min. 20 sec.

High Jump:—Mundy S., 1st; Sloppy S. 2nd; Zaviski H. and Fox H. tied for 3rd. Height, 5 ft. 4 in. New track and County record.

220 yard dash:—Kahn S., 1st; Anderson, S., 2nd; Bouton S. 3rd; Time 25 sec.

Pole Vault:—Nogar, H. 1st; Zawaski, H., 2nd; Fox, H., Iddings S., tied for 3rd; height 9 ft. 3 in.

Mile run:—Johnson, S., 1st; Windgar, H., 2nd; Backus, S., 3rd; Time 5 min 44 sec.

Shot put:—Anderson, S., 1st; Nogar, H., 2nd; Mojzzar, S., 3rd. Dis—37ft 10 inches.

220 yard low hurdles:—Halpenny, S., 1st; Mundy S. 2nd; Fox, H., 3rd. Time 31 3-5 sec.

Broad jump:—Mojzzar, 1st.; Mundy S., 2nd; Bouton S., 3rd. Distance 17ft. 11 inches. Score S. H. S. 64½; H. H. S. 16½.

SMETHPORT MEN BUY OIL PROPERTY.

One of the largest oil deals that has been consummated in McKean county in some time was closed this week and covers the 90-acre Karl lease near Knapp's Creek.

The purchasers are W. H. Carey of this place, and H. H. Redfield, Guy McCoy and R. C. Gleason, all of Smethport.

Mr. Redfield has half interest, Mr. Carey a fourth interest and Messrs. McCoy and Gleason each an eighth.

Included with the 90-acre lease are 10 producing wells and a farm house, which is at present occupied by the Karl family. The wells are producing around 35 barrels daily.

The new owners plan to put down several new wells immediately. The property is said to be located over one of the best oil fields in this section.

While the condition was not made known, it is said to have been as high as any of the prevailing high prices.

The Karl lease is in the Four-Mile Valley just north of Knapp's Creek.—Eldred Eagle.

ELMER OLSON BREAKS LEG.

While clearing land on the Olson farm Friday Elmer Olson, son of A. P. Olson, had the misfortune to fracture his left leg. The young man is improving rapidly, and will be about again in a short time.

C. D. BRUBAKER AND FAMILY LEAVE FOR CALIFORNIA.

C. D. Brubaker, superintendent of construction work for the Sager Jar plant at Bolivia, Pa., left Wednesday for Los Angeles, California where he will take charge of building a number of plants for fruit packing, for the Gordon, Orme Co., who will have plants in California and Oregon. C. S. Armstrong of Pittsburgh, who has had charge of the furnaces work at Bolivia, will also go with Mr. Brubaker to Los Angeles.

No doubt Mr. Brubaker will be back next year and the work on the plant at Bolivia will be finished.

BISHOP OVERS HOME.

Jamestown Journal, Saturday.—Right Reverend Walter H. Overs of Jamestown, Protestant Episcopal Bishop of Liberia, returned to his home at 295 Hallock street on Friday, being compelled on account of illness to abandon his work in Africa for a time at least. He was met in New York by Mrs. Overs and they returned home together after spending a few days there.

Bishop Overs was taken ill while in Liberia several months ago and his condition became so serious that he went to Germany for a consultation with one of the foremost European authorities on tropical diseases, proceeding from Germany to New York and thence home.

There is some doubt in Bishop Overs will return to Liberia to resume his duties as bishop, the German specialist whom he consulted advising him that he must not attempt to again live in that country.

As soon as the bishop's health will permit him to do so, he is to give an address before the Kiwanis club.

CLOSING BON AIR.

During the week announcement was made that the Bon Air Sanitarium, owing to lack of financial support, will be closed as soon as patients can be placed in other institutions. The sanitarium was founded by the late Milton F. Melvin 20 years ago and many patients afflicted by tuberculosis, have been cured for there with good results. Following the death of Mr. Melvin, Bon Air affairs became less prosperous. And now it is deemed inadvisable to make further efforts to maintain the institution.—Bradford Herald.

GARD YOUNG'S POOL ROOM ROBBED.

When Gard Young opened up his pool room Monday morning he discovered that robbers had visited his store during the night and had taken $40 which had been left there.

They had climbed into a side window a long distance from the ground by piling up boxes on top of each other, and standing on them.

The safe had been left unlocked over night. He has no clue to the robbers.

BOY HERO IS AWARDED BRONZE MEDAL FOR BRAVERY

Master Donald C. Benson, son of Mr. and Mrs. C. M. Benson of Colegrove has been notified by the Carnegie Hero Fund Commission that the Commission has awarded him a bronze medal and a sum not to exceed $1600 for educational purposes payable as needed and approved. This is in recognition of heroism in saving Nicholas W. Scanlan from death by drowning three years ago, at which time Donald was eleven years old. Donald's many friends have great reason to be thankful for his act of heroism, congratulate him heartily on receiving this honor.

Pittsburgh, April 28.—Sixteen acts of heroism, one performed by a McKean county boy, was recognized by the Carnegie Hero Fund Commission at its spring meeting here yesterday. The heroes, three of whom lost their lives, including a woman, were awarded bronze medals. Five hundred dollars was voted the factor of one of the men who sacrificed his life. One hero who was disabled, was granted benefits of $7726, while in six other cases cash awards totaled $9,600. Four thousand five hundred dollars were awarded for other worthy purposes.

FARMERS VALLEY

L. A. Patterson of Olean was a visitor in Farmers Valley, Saturday renewing old acquaintances.

C. H. Beckwith returned Monday after spending a few days at his home in Olean with his family. Mr. Beckwith has been engaged in doing carpenter work for Mrs. J. L. Oviatt, also shingling for Mr. Rockefeller.

Mrs. C. W. Roundsville was a Smethport shopper Monday.

Mr. and Mrs. W. E. Roundsville were calling on their parents Monday afternoon.

A crew of brick layers are at work on the smoke stack at the factory, the stack is about 75 feet high now, it shows it that it will be 125 feet from the ground when finished.

Mr. and Mrs. Thomas Soule and son Thomas Jr. and wife called on Wesley Roundsville Sunday.

Mrs. H. B. Oviatt was a guest of her mother at Port Allegany Monday.

Mr. and Mrs. M. S. Parker and daughter Clova, of East Smethport attended church here Sunday.

Miss Amelia Church and Mr. James Cochran were seen on our streets Sunday.

Mr. and Mrs. W. E. Roundsville were visitors at Mrs. C. G. Carpenter on the Bordell road Sunday and Monday.

Mr. and Mrs. Samuel Olson were callers on Mr. and Mrs. Wesley Roundsville Sunday.

Mr. C. W. Roundsville is the owner of a new Chevrolet touring car from the Martin Hunter place to Sam Olson.

Mrs. L. D. Spencer of Farmers Valley.

Mrs. David Owens and daughter Margaret moved to her home in Buffalo last Friday after spending the winter with her mother, Mrs. J. L. Oviatt and family.

Mrs. Fred Rose left Saturday for Harrisburg to join her husband. They will make their home there this summer, or until the 10 mile stretch of standard hard surface road is completed.

Mr. Chester Marsh has purchased a new Chevrolet touring car of the Anderson & Thomas garage at East Smethport.

VALLEY GRANGE NEWS

Last Saturday night the third and fourth degrees were conferred on a class of eight, after which supper was served to which all gave strict attention. Then the orchestra played and the young folks enjoyed dancing for an hour or two. Taking it all around it was quite a live meeting.

A new member was received to membership. Society has another supper.

Brother T. A. Patterson was up from Olean and brother H. J. Rice from South Smethport. Visitors are welcome to Hope Grange and we will endeavor to have a good time. O. K. Come again brothers always welcome. You know and with our new porch floor added this will be the best Grange in all down the state and [illegible]

NEIGHBORHOOD NEWS

H. THOMPSON IS INJURED IN ACCIDENT.

Henry Thompson of Ascension street was injured this morning in a runaway accident which occurred on Jackson avenue, and is now at the Bradford hospital under observation for the extent of his injuries have not yet been ascertained. Mr. Thompson was driving out Jackson avenue with a horse and rig, when his horse suddenly became frightened at an approaching trolley car.

The runaway soon left the thoroughfare and raced into a neighboring field where the rig hit a pipe and jostled Mr. Thompson from the vehicle. The man was thrown to the ground and the carriage passed over him. Residents in the neighborhood witnessed the accident and went to the injured man's assistance.

It was decided at first thought to take him home, but later it was decided to take him to the hospital, as it was feared that his injuries might be of a serious nature. E. D. Barry followed him to the hospital in his car, assisted by Officer Fairbanks who gave a helping hand. Dr. J. B. Stewart was called to attend the man.

Mr. Thompson is suffering from pain in his side, but it is not believed at this time that he is in a serious condition.—Bradford Star, April 26 regarding the

COL. BURNS RECOVERS.

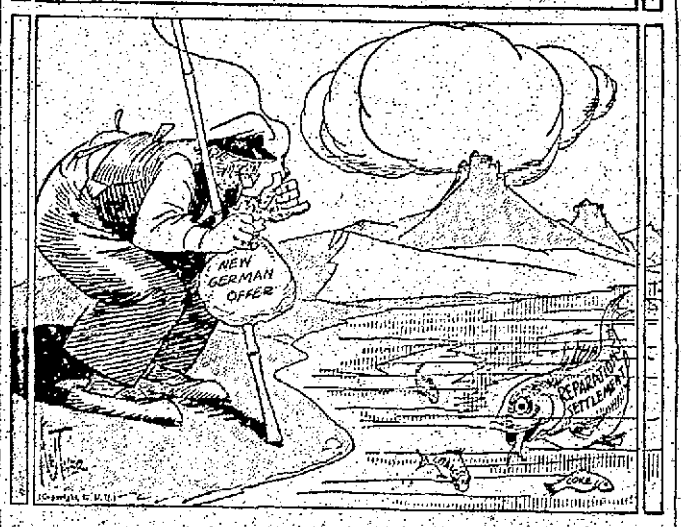
Col A. D. Burns, who for some time had been ill, was sufficiently improved the early part of the week to be out and attending to matters requiring his attention.—Bradford Herald.

DOCTOR WAS BURNED TO DEATH FRIDAY.

Warren, April 29.—Dr. D. B. Reab, aged about 50 years, a dentist of Fort Wayne, Ind., met a tragic end Friday evening about 7:30 o'clock when he fell into a bonfire around which he was working on the farm owned by his wife at Dunham's Corners, between Warren and Sugar Grove. Chester Dunn, a neighbor, who saw the predicament of the unfortunate man, hurried to his aid, but he had received fatal burns before he was extricated.

The accident occurred on what is known as the Sturdevant farm. Mr. Reab, the husband of the former Mrs. Sturdevant, had come east to superintend some work at the farm and was engaged in cleaning up an accumulation of rubbish when the accident occurred. No explanation can be given as to what caused him to fall into the flames.

Coroner L. E. Chapman was notified of the tragedy, and viewed the



facts he decided an inquest unnecessary and ordered the remains prepared for burial.

Little is known of the deceased in this vicinity. Persons who had made his acquaintance since he arrived at the farm had found him a congenial and industrious individual.

M. E. CHURCH.

Sunday, May 6. Morning Worship, 10:30; subject: "The Ascension." Church School, 11:45; Junior Epworth League, 3:30; Evening Worship, 7:30. Prayer meeting, Thursday, 7:30. Yours are always welcome at the church with a Spirit

LET IT SLEEP AND DREAM.

The suggestion that the league of nations settle the Ruhr dispute now comes to disturb the quiet of Geneva. Why can't they let the league enjoy a little peace—isn't that what it was organized for?—Kansas City Star.

BUT HE WON'T.

Henry Ford says this year will be the most prosperous since the war We hope he will give credit to the political party under whose policies the prosperity was made possible. —Sedalia (Mo) Capital.

On May 28th, Emporium will vote on bonding itself for nearly $100,000 to erect a school building.

Ridgway has just issued a new directory. It shows a population of 6,490 for that county seat.

Port Allegany has a campaign on to organize a Chamber of Commerce. Such organizations are of great benefit to any town.

A CHANCE TO MAKE GOOD.

To meet halfway the desires of certain international bankers, and of their honest but imperfectly informed followers, Representative George W. Edmunds, of Pennsylvania, lately introduced in the House a resolution of obvious and undeniable merit. Mr. Edmonds' measure would authorize the Secretary of the Treasury to receive from our own citizens and other nationals United States bonds at par their face value to be entered as a credit against the debt interests of any debtor nation named by the depositor. Some of Mr. Edmond's colleagues characterized his resolution as a legislative joke; but even if they are right, this is the sort of joke that cannot be carried too far. Mr. Edmonds declared that he was in earnest, and pointed with pride to his simple method whereby any believer in cancellation could do his own cancelling to the precise extent of his ownership of United States bonds.

We should rather like to see this resolution passed, if for no better reason than to permit the country to observe whether it would result in choking Pennsylvania Avenue with throngs of international bankers, groaning under the weight of tin hams of Liberty bonds that they were hastening to turn in at Mr. Mellon's office to be credited to their favorites in the family of European nations. But perhaps this would be too cruel a test of the sincerity of ninety per cent. of the loose cancellation talk that has been so glibly handed about.—Saturday Evening Post.

AMERICA GIVES WORLD EXAMPLE OF GETTING ON SOLID BUSINESS BASIS.

Hardings' Administration Has Set Our House in Order and Restored Prosperous Conditions

(By John T. Adams, Chairman Republican National Committee.

When one travels in Europe it strengthens his confidence in American institutions,—and in Republican policies as well. There is a great contrast between conditions there and in the United States. Two years ago this contrast was not so great. Then our percentage of unemployment was not much less than Europe's, our government bonds were away below par, our business interests were fearful of the future, and there was a general feeling of uncertainty and unrest.

All this has been changed.

Today new peace time records are being set every week in industrial production, business transactions, retail sales and wage levels. Approximately 50 per cent. of the loans made during the emergency by the War Finance Corporation have been repaid. Retail dealers in agricultural sections report better sales than at any time in three years. Business is planning for the future with confidence.

These are but a few of the high lights of the Republican prosperity the entire country is enjoying. This wonderful change which has taken place in two years has not been accidental. It has been brought about mainly by the policies of the Harding administration.

Routine federal expenditures have been reduced by $2,000,000,000; federal taxes, $1,000,000; interest-bearing public debt, $1,000,000,000. Hit and miss financial policies have given way to a budget system. Team work has replaced one-man government. Public employes have been reduced by over 100,000.

Sane, conservative, constructive policies have given all legitimate interests confidence. The man who invests his toil and the one who invests his capital have been given assurance that their investments will be protected and they will be permitted to enjoy the benefits of their thrift and industry. The transformation has not been accidental. It has been due largely to the constructive policies of the Republican party, enacted into law and carried into execution by the Harding administration.

Without exaggeration, it may be stated that for fifty years no party ever came into power confronted by more problems vital to the welfare of the American people. In the face of unusually trying conditions, President Harding has given the United States the best business administration in the history of the country. It has put our house in order. This has been mainly responsible for the improvement in conditions in the United States during the last two years.

Such a record is in keeping with the history of the Republican party, which has written most of the progressive legislation of the nation.

The program of reconstruction, formulated and executed by this administration, affords a high example to all nations, which they could follow to their profit and to the security and the peace of the entire world.

Comparison of European conditions with those in America leads one to appreciate more fully what the Harding administration has done and to be thankful that the work so well begun is to be continued. The Republican policies which have so largely contributed to the existing prosperous conditions will be maintained and public welfare will be safe-guarded and promoted by whatever forward legislation the occasion calls for.

W. H. Halpenny of Smethport announces his candidacy for the office of county commissioner, subject to the decision of the Republican voters at the September primaries. Mr. Halpenny is widely known to the people all over the county as his daily activities as conductor on the Kushequa railroad between Backus and Smethport bring him in contact with many citizens who have business at the county seat. He is an energetic man of pleasing personality, with a thorough knowledge of county affairs and possessing sound judgment. Four years ago he was a candidate for the nomination of county commissioner and received almost the unanimous vote of his home town, Smethport, and there were nine other candidates hustling for the same nomination. When a man can secure such an endorsement from the people of his community it is an excellent indication that he may be of marked fitness for the office that he seeks. W. H. Halpenny is going to be a strong candidate. He is a worker and his canvass of the county before the September primaries will be thorough and is bound to increase the number of his friends, which is already large. In the Republican primaries four years ago he lost the nomination by a small margin, standing third in a field of ten candidates. He took his defeat like a good citizen and Republican and worked energetically for the election of the whole ticket.

In our announcement column this week appears the name of H. C. Solt, chief of police of Bradford, as Republican candidate for the office of sheriff of McKean county, subject to the decision of the Republican voters at the primaries to be held in September.

Mr. Solt has lived in Bradford thirty-five years, the last eleven he has served on the police force of that city. First as patrolman, then captain and finally chief, which position he now holds. His previous experience will stand him in excellent stead, should he be elected. He has a cool head, plenty of nerve, and the ability to fill the office with credit.

SEEKS BETTER TELEPHONE FACILITIES FOR EUROPE

It has been reported that the French Minister of Posts, Telegraphs and Telephones proposes to call a conference of representatives from the principal European countries for the purpose of discussing the practicability of establishing a more extensive international telephone service. He hopes to overcome what has up to now been an apparently insuperable obstacle to the development of international telephony in Europe, the difficulty involved in getting the governments to co-operate to the extent required. It is necessary to agree as to the routes of the lines, the type of equipment, the methods of operation, etc., and the government officials who have these matters in charge have been reluctant to make the unavoidable concessions and compromises. At the present time European international telephone traffic is in such a congested state that it is practically impossible to get a call through unless the calling party is willing to pay the so-called "urgent" rate, which is three times the ordinary rate.

Practically all business telephone conversations between the United States and Cuba are conducted in the English language, while most personal calls are made in Spanish.

FOR SALE—Italian Bees, also bee supplies at a sacrifice. Inquire of H. M. Nelson, Kushequa, Pa.

APRON SALE.

The Ladies of St. Luke's Guild will have an apron sale at the Parish house on May 10, at 8:00 o'clock. Light refreshments will be served. Come early for bargains.

GIVE CALF SEPARATE STALL

Make It Possible to Prevent Spread of Various Diseases Among Young Animals.

The best breeders have come to the conclusion that it is highly desirable to provide every new-born calf with a separate stall for at least a period of four or five weeks. Men who have been studying the young calf declare that at the time of its birth it is likely to be infected with a variety of germs which are apt to cause trouble.

By investigating the contents of the calf's stomach, in order to determine the kinds of bacteria it contains, a number of disease-producing bacteria have been found. If several youngsters are kept in a stall together at this early period, the chances are, if one is infected with a certain disease, that all will have the same trouble. The separate calf stall makes it easy to prevent the spread of these various calf diseases and by keeping calves in separate stalls for four or five weeks, the usual time of infection, many of the common ills will be eliminated.

CHURNING TROUBLE CAUSES

Ordinarily Weather Is Determining Factor, Being Either Too Cold or Else Too Warm.

Churning troubles are due occasionally to the feed or to the fact that it has been some months since the cows were fresh. Ordinarily the trouble is caused by the weather, the cream is either too cold or it has been made too warm. Cold weather holds back the ripening of the cream also, and unripe cream makes trouble in the churn. The best plan is to keep the cream in a warm enough place so it will ripen as it does in summer, and then to churn with the cream at a temperature of 60 to 62 degrees. Cream sometimes makes trouble if the cows do not have plenty of salt.

Ten Millions of Dollars' worth of New Central Office Equipment will be added to the Bell System in Pennsylvania this year

THIS money will be spent for new switchboards, additions to present switchboards, terminal room equipment and a thousand and one other things which go to make up a modern telephone office.

The investment for new equipment will cover every central office in Pennsylvania.

As fast as equipment is received from the factories it is placed into service. Never was the demand for telephone service greater and never in the history of the telephone company were such tremendous amounts of equipment placed in one year.

"THE BANK THAT TAKES CARE OF ITS CUSTOMERS."

NOTES FROM McKEAN COUNTY FARM BUREAU REPORT.

County agent, P. S. Crossman, faults.

On Monday, May 7, Mr. John R. Dickey of State college will be in the county to test fertilizer for a tryout on potato growing. The experiment will be made on the farm of Walter Scott, Ceres, and at the Martin and Bash farm at Corydon, also experiments at the farm bureau office at Smethport.

Mr. Sidlemire of State college will be in the Ceres Community Monday and Tuesday, summarizing the different yearly records of the individual cows of the Boards of the Testing Association.

A "Short Course Meeting" will be held at the Methodist Church Friday, May 11. L. W. Morley of State college will be at the meeting to judge and score the butter and offer suggestions for remedying the faults.

Thursday Mr. Crossman, the Co. Agent will visit Coudersport for the purpose of purchasing and shipping approximately 200 bu lots of disease free seed potatoes for about 45 McKean county farmers.

Potato Fertilization.

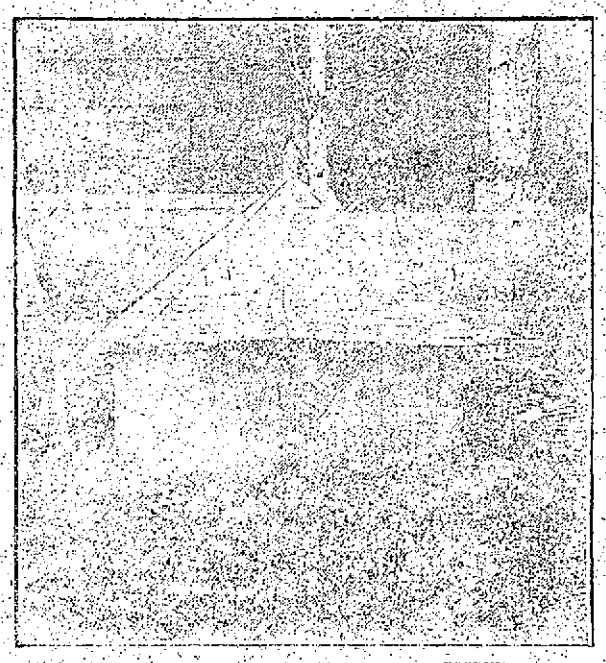
For the benefit of the potato growers on any particular soil in the county Potash, three different kinds of fertilizer were tried out in a 50 by 800 foot field of potatoes. The fertilizers used and the results were as follows:

Kind	Amt per Acre	Yield
2-8-2	1000	137 bu
2-8-10	1000	222 bu
2-8-10 with D. F. seed.	1000	301 bu

The DeKalb soil which predominates in McKean County gave best results on most farms by using plenty of manure and a ton to 700 pounds of 16 per cent phosphate per acre.

CROP PRODUCTION.
Grains.

Not much work planned this line was done during the year since the



BALANCED RATIONS.

Several communities in an organized way asked for balanced rations work. This was carried out through project leaders to the extent that 150 persons were furnished with balanced rations. This does not include the rations figured for some individuals.

for four or five years of the Farm Bureau in the County were spent largely in carrying out variety tests of the grain, such as corn, oats and wheat. Therefore most of the work this year was simply the recommendation of certain varieties to individuals and some assistance given in securing the same.

Potatoes.

Disease-Free Seed.

Disease free seed potatoes were grown by eighteen farmers in the county this year. These farmers were assisted by the County Agent in securing their seed, rogueing it during the growing season, and disposing of it after harvest. Approximately 8300 bushels of such potatoes were produced by the eighteen farmers.

LIVE STOCK PRODUCTION.
Dairying.

Cow testing association work was promoted by several communities with the organization of two. With the assistance of the project leaders of the different communities sufficient members were signed up and organizations formed in two parts of the county with the following titles: The Allegheny Valley Cow Testing Association with its membership made up of farmers throughout the Allegheny River valley and the Ostello Valley Cow Testing Association with its membership made up mainly of farmers in the valley of Oswayo Creek. In both Associations the cows were tested each month of the year, individual performance and costs of production were kept on all the cows in these associations. These associations began work April 1st and June 1st respectively. Above 300 cows are now on test in the two associations.

ACCREDITED HERD WORK.

This county has been very active in the matter of early [illegible] Pennsylvania, under the Accredited Herd Plan. So much publicity and [illegible] has been given to this plan that many farmers were signed up this year for the first test. The aim of a federal [illegible] to Penn [illegible] Accredited Herd Plan. No duplication of the [illegible] of money and labor will [illegible] upon which the [illegible] depends for [illegible] a worthwhile [illegible]

SHEEP.
Pure Bred Sheep.

The county Agent assisted this year with bringing into the county or in purchasing from one part of the county for another, thirty-four head of purebred sheep of which seven were purebred rams to be placed at the head of grade flocks. Four of the purebred ewes were purchased to replace sixteen grades and one purebred which a farmer lost by dogs. The purebred lost had cost when pure aged $25, but in spite of the fact that this was a great loss he was willing to purchase purebreds to replace them.

RAM CIRCLE.

Due to the loss by death of three of the fine rams in the Ram Association, it was necessary to purchase three well bred purebred Shropshires to replace them. This was the year in which all changes under the planned system of exchange every two years were to take place. There is some interest shown on the part of others so that without much doubt the year 1923 will see [illegible] association formed. This system enables a person man to use 2 rams one year each for the original [illegible] in Rams.

SIZING UP NATION'S WEALTH

Middle Atlantic States Have Largest Income, With Nevada at the End of the List.

What is the richest part of the United States—the richest, that is, in the sense of having the kind of income? Probably most people would have no difficulty in answering this question. That the Middle Atlantic states have the largest amount of liquid cash would naturally be expected from their great population and industrial development. And from this standpoint the Middle Atlantic states are the most prosperous, and as would be expected, New York, with an income of more than [illegible] leads all the rest, whereas [illegible] brings up the rear. The [illegible] is compiled [illegible] National Bureau of Economic Research.

[illegible] to give [illegible] the [illegible] [illegible] the [illegible] [illegible] [illegible]

DATE HAS HIGH FOOD VALUE

Fruit Not Properly Appreciated, According to Experts of the Department of Agriculture.

According to the Atwater bulletin on food composition issued by the United States Department of Agriculture, the dried date is composed as follows: Carbohydrates, 70.0 per cent; protein, 1.9 per cent; fat, 2.5 per cent; water, 13.8 per cent; ash (mineral salts) 1.2 per cent; refuse (fiber), 10 per cent.

"The protein and fat content, though small, is in a readily available form, the protein as a builder and the fat as a fuel," writes Dr. Charles L. Bennett. "A man who includes two pounds of dates as the bulk of a day's ration will not require much additional protein. In fact, a pure date dietary meets the requirements of many Arabs in every-day activities for long periods at a time, without the addition of other foods."

"The value of the date as a food is not half appreciated by the American public," writes another authority, Dr. John Harvey Kellogg. "The date not only furnishes a variety of sugar which is readily assimilated and which is much more wholesome than cane sugar, but it also supplies a fine quality of food iron, which is entirely lacking in cane sugar. An ounce of dates, in these qualities specified, is good iron than an ordinary beefsteak and iron of much finer quality."

MANY OLD SCORES EVENED

Stenographer Improved Glorious Opportunity to Administer a Gentle Rap to Her Fellow Workers.

The stenographer in a business office in a northern Indiana city had endured many years based on her single statement that the members of her birthday club "were fine boss," whose natal birthdays had impressed the heirloom-red mark. Her spleen appeared to be based this. He took great pride in his letter fact.

One morning the stenographer answered the telephone to hear her brother's voice sounding in the old party, pushing their fraternal enjoyment in the office. She did not approve of this intrusion on her duties, and the conversation, if any, was perfunctory of the tests of which she had evidence.

"Oh, I'm glad she injured, swell, there are several old men around here; just to satisfy me, do you have roses sent?" She gasped in a tone that was audible all over the office.

Absolute silence for several minutes was followed by the voice of the boss, repeating, "Several old men around here."—Indianapolis News.

University Radio Courses.

Foreseeing millions of listeners, the bulk of them of college age, the national radio chamber of commerce is developing a plan to establish radio extension courses in American colleges and universities.

Engineering Germany, it is said, are planning to broadcast university extension courses. Several prominent institutions of learning in the United States have made a beginning in this direction, the announcement continued, and their reports of the encouraging success attending their efforts show us that the possibilities of the new method are not overestimated.

Many other educational institutions are broadcasting church and musical services, lectures, farming hints, legal and medical talks. The combined area normally covered by these institutions has been estimated to be seven or eight times the total area of the United States.

Rule in Put in Stocks.

In England the punishment of the stocks has been inflicted within the memory of men now living. In the Municipal Corporation act, 1872, there is no mention of it, and borough dealer of intemperate habits was fined in the stocks for drunkenness and disorderly conduct.

"Twenty-six years had elapsed since the stocks were last used," says this account, "and their employment created no little sensation and amusement, about 1,000 persons being attracted to the spot where they were fixed."

The punishment does not appear to have been disliked by the prisoner, who was released after four hours and "seemed more than pleased with the laughter and derision of the crowd."

Colorado Town's Claim to Fame.

Mosher, Colo., lays claim to being the third largest inland city in the United States and is county seat of Rio Blanco county, the last remaining undeveloped empire in the Union, and the last stamping ground of the Ute Indians. Rio Blanco county claims the greatest oil fields in the country, enough natural coal to supply the nation for years and the largest and greatest deposit of oil shale in the world. In extent of natural gas and carbon black plant and extensive asphaltum beds, Mosher was the scene of one of the greatest InPan assaults the country has ever known.

How Leadville Aided Denver.

Leadville has been called the cradle for the rebirth of Denver. This is because this great camp produced the great fortunes from which later removed to Denver and greatly builded the city. Of their number was H. A. W. Tabor. A $10,000,000 dollars' worth of precious metals have been taken from Leadville mines and mine still is not exhausted, but on the decrease in the district.

LEFT TOWN'S NAME TO LUCK

Men Who Had Decision Agreed to Decide Argument by the Flipping of a Coin.

The death of Francis W. Pettygrove, a former Portland (Me.) resident, which occurred recently in Portland, Ore., has brought to light the story of how the city on the Pacific coast almost was named Boston instead of Portland.

A flip of a coin fixed the name of Portland, Ore., on what was then but a tiny settlement.

The coin was flipped in the autumn of 1843. A man named A. L. Lovejoy of Boston, and a second named F. W. Pettygrove of Portland, Me., were new settlers in Oregon and were joint owners of a small store, one of a few buildings in a settlement on the Willamette river.

The settlement was called everything from "the village" to "Stumptown," and the partners determined to dignify it with a real name. Lovejoy wanted to call it Boston; Pettygrove preferred Portland.

Finally they agreed to toss a coin. The Portland man called the turn over the Boston man, and the village forthwith was named Portland, Ore.

The Size of Pygmies.

There are certain popular errors concerning the race of undersized men and women known as pygmies. Usually travelers have measured the most diminutive specimens and thus an exaggerated idea of their smallness has been produced. The average stature of the pygmies that have been measured is about four feet eight inches, but the best authorities in anthropology say that the real average limit of stature is five feet. Some are taller than that.

The pygmies have been found in eight or ten different places in central Africa, but wherever found they possess certain striking resemblances. The plant furnishing the coloring for their hats is the same in the widely separated sections visited by Stanley and others, and the shape of the hats, a rough hemisphere, is the same. All the pygmies are ruled chiefly by means of spiritualism, by the use of poisoned arrows and by the absence of any organized tribal organization.

Canada's Fisheries.

Canada's greatest asset, one of her greatest assets, and large sums are spent by the Dominion government in providing against the depletion of the supply.

Last year the department of fisheries distributed 846 million fish eggs from the different great fish hatcheries, among the various lakes and rivers. Of these 837 million were whitefish, 107 million pickerel, 106 million salmon.

To Prevent Crows from Pulling Corn

Coal tar is the best preventative against crows pulling up corn, a tablespoonful being enough to treat half a bushel of the seed. The corn is placed in a pail or tub and covered with warm water at about 100 degrees Fahrenheit. As soon as the corn is warm drain the water and add the tar, stirring the corn until each kernel is covered with a thin film of the tar.

ARRESTED YOUTH FOR VIOLATION OF QUARANTINE

Roy Williams, township health officer, yesterday morning placed under arrest Ray Woodard of Sawyer City, aged 16 years, for violating quarantine regulations. He took him into custody while the boy was walking along the highway.

The Woodard home is under quarantine restrictions on account of measles in the family, but the boy, disregarded the quarantine sign and left the house as he wished and visited other houses in the neighborhood.

The neighbors did not like such a proceedure and complained to Health Officer Williams and the arrest followed. Woodard was locked up in the juvenile department of the city building pending the arrival of instructions from the state health department at Harrisburg, with whom Mr. Williams is conferring.

The Woodard boy ran away from home no long since and his mother asked the assistance of the authorities in locating him. It seems that he was in Bradford all of the time.

DIES OF BROKEN BACK AFTER YEAR IN HOSPITAL

Bradford, Pa., April 30.—Millard Peterson, 28 years old, whose back was broken last June, died at the Bradford hospital Saturday afternoon. Peterson fell while working on a lease owned by the Phoenix Oil company at Mount Jewett and suffered the injury and has since been in the Bradford hospital, where local people performed many kindnesses for the fatally injured man. One Bradford man recently installed a radio in the sick man's room for his entertainment. The only was removed to Johnsonburg for burial.

TWO KILLED WHEN AUTO PLUNGES INTO CREEK

Two men, both believed to have been from Olean, were killed early Sunday when an automobile in which they were riding plunged off the bridge over Buffalo creek in Wales Center, a mile and a half north of Orchard Park, crashing through a fence-guard rail. Necks of both were broken.

Residents of the village heard the crash about 1:30 a. m., but no one investigated its source until after daylight. Robert Cox, automobile dealer in Wales Center, found the bodies lying in the wreckage of the car.

A bank book in the clothing of one man bore the name of Gus Johnson. It contained a receipt showing he had purchased the automobile in Olean. The book was issued by the Bank of Olean.

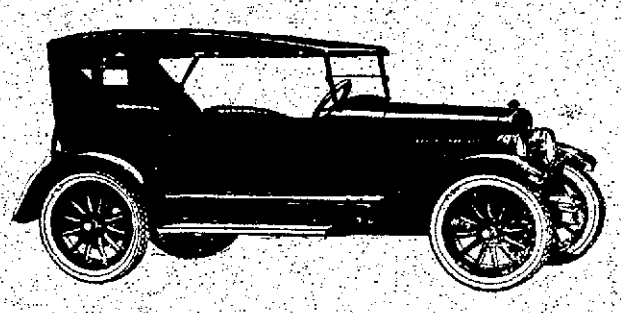
The name of "Cosgrove" was found on the other victim.

Letters found in Johnson's clothing were addressed to him at the Pennsylvania car shops in Olean. Johnson appeared to be about 25 years old. The other man was about 45 years old.

Cox said one of the headlights on the machine was still burning under two feet of water when he discovered the wreckage. He summoned several other men to lift the car out of the creek.

"We at first thought there was only one body, but when we saw a second hat floating around we looked again and came upon another body," he said. "Their heads were crushed.

The accident happened at a point near where the old covered frame bridge was located. The structure was moved recently. The men are believed to have been ignorant of the removal of the bridge, as the car went through the point where the bridge used to stand.—Buffalo News—April 30.



Value Rises Like a Spire

Overland ascendency has come surely and steadily. Fifteen years of experience have given this new and better Overland a plus value that looms spire-like in its field. Overland value is creating record sales. We are squarely behind it with all the fervor and confidence so good a car inspires.
